Initial

By signing, I am requesting water service from the City of Molena. I understand that all outstanding balances as of the 15th of the month may result in immediate cessation of services as early as the 16th of the month without notice. I may request a workout agreement if I have difficulty paying my bill at any time, however, City of Molena is under no obligation to agree to such an arrangement. If an arrangement is made, no grace period will be given on missed agreement payments without prior contact between me and City of Molena.
